2.2. Library

The library is an outstanding teaching and research facility for a university or institution of higher learning. It is a very important tool for better training to every university.

Given that, ULK puts a special attention to it, every year it allocates, in its budget, some funds for buying books, subscribing to local and foreign journals and other necessary tools to ensure high level university training.

Our university is accessible to each and everyone. Several students from different universities operating in our country as well as foreign students, those from DR-Congo for instance, RTUC students and staff, not forgetting cadres from Rubavu District and its surroundings regularly consult books in our library which has become a center of attraction. As a matter of illustration, today, Gicenyi Campus library counts **28,984** books, while Kigali Campus counts **84,380** books. Besides these books, we have internet-connection and the access is free of charge. Moreover, our library has some CD-ROM containing a lot of titles pertaining of various domains. The physical Library is aided by a digital library of more than 500 computers, connected to important world e-resources.

Considering how well our university is growing in general, and given that the number of books is increasing in particular, we thank our academic authorities as well as the President and Founder of ULK for their willingness and particular importance they attach to the library.

The following is the table showing the evolution of books from 2001 for Gicenyi Campus and from 2010 for Kigali Campus.
